

NatWest Markets Plc Financial Highlights Q3 2026

Q3 2026 performance highlights¹

Financial performance	£350m Total income	£288m Other operating expenses ²	£6m Profit for the period
Capital and leverage	17.0% CET1 capital ratio vs medium term target of around 14%	41.9% MREL ratio vs greater than 30% medium term target	4.6% Leverage ratio vs greater than 4% medium term target
Liquidity and funding	204% Liquidity coverage ratio ³	£17.7bn Liquidity portfolio	£4.2bn Senior unsecured public benchmark issuance

Financial performance

- Total income was £350m (Q2'26: £436m), the decrease largely due to an FX reserves recycling credit recognised in Q2 2026, lower Fixed Income revenues reflecting challenging market conditions and reduced client activity, and a reduction in Currencies revenues driven by reduced FX volatility levels.
- Operating expenses were £335m (Q2'26: £399m). Other operating expenses were £288m (Q2'26: £373m), largely due to a charge in the comparative period relating to historical VAT matters, higher VAT recoveries and a decrease in staff costs. Litigation and conduct costs were £47m (Q2'26: £26m) and reflected ongoing progress in closing legacy matters including associated remediation activity.

Capital & leverage

- Capital position remains robust at the end of Q3'26, with a CET1 ratio of 17.0%, MREL of 41.9% and a leverage ratio of 4.6%.
- RWAs were £22.6bn at Q3'26 (FY'25: £21.5bn). The increase in the period was primarily driven by increases in market risk and credit risk.

Liquidity & funding

- The average Liquidity Coverage Ratio³ was 204% (FY'25: 198%) driven by lower funding outflows.
- NWM Plc issued public benchmark transactions amounting to £4.2bn in the 9M YTD. Transactions comprised €2.3bn, CHF0.2bn and \$0.5bn of notes under the EMTN programme and \$2.3bn of notes under the US MTN programme. NWM Plc also raised funding in other formats throughout the period including, but not limited to, structured note issuance.

Notes: (1) Income and loss for the period relates to NWM Plc consolidated, other amounts relate to NWM Plc solo. (2) Excludes litigation and conduct costs. (3) Reported on an average basis in line with supervisory guidelines. The LCR is calculated as the average of the preceding 12 months.

The guidance, targets, expectations and trends discussed in this presentation represent NatWest Markets Group management's current expectations and are subject to change, including as a result of the factors described in the "Risk Factors" in the NWG 2025 Annual Report and Accounts on Form 20-F, the Risk Factors in the NWM 2025 Annual Report and Accounts and the Summary Risk Factors in the NWG H1 IMS on Form 6-K, and the NWM Plc H1 IMS. These statements constitute forward looking statements under the US Private Securities Litigation Reform Act of 1995; refer to Forward Looking Statements in the NWM Plc ARA. The forward-looking statements contained in this document speak only as of the date of this document and NWM Plc does not assume or undertake any obligation or responsibility to update any of these statements, whether as a result of new information, future events or otherwise, except to the extent legally required.
